Roscoe,

(b) (3) (B), (b) (7)(F) If they bring it over today, can you process for an airway bill so they can get the Dip Note finished? They are already working on it with the State Department and I am seeing if DHL will take as soon as the paperwork is ready. We will be using the TAC they provide when they drop the items to us.

2 boxes, 100 lbs each, 5 cube each.

Thanks,
Karen Lundy

Subject: NAVCENT Equipment to (b) (3) (B), (b) (7)(F)

Importance: High

Karen,

Good Day. NAVCENT has just requested assistance on sending some equipment to (b) (3) (B), (b) (7)(F) and wanted to know if DLA Distribution could assist. Per their request, time is more of a priority than opportune cost, as the equipment has to get to (b) (3) (B), (b) (7)(F). They are requesting DLA Distribution assistance because they want to utilize their TAC for payment, so if there are commercial means that DLA Distribution can leverage to get it there in time while charging their TAC code, that would be their utopian state. Any and all assistance is greatly appreciated. NAVCENT POC is (b) (3) (B), (b) (7)(F) on CC. Thanks.

shipments can go into (b) but are confirming that this also applies to the (b) so you know the answer to this?

. we use a small parcel carrier the paperwork must be complete prior to handing the freight to the carrier. Is this a large item or small? Weight? Dims?

Karen,
Good Day. NAVCENT has just requested assistance on sending some equipment to (b) (3) (B), (b) (7)(F) and wanted to know if DLA Distribution could assist. Per their request, time is more of a priority than opportune cost, as the equipment has to get to (b) (3) (B), (b) (7)(F). They are requesting DLA Distribution assistance because they want to utilize their TAC for payment, so if there are commercial means that DLA Distribution can leverage to get it there in time while charging their TAC code, that would be their utopian state. Any and all assistance is greatly appreciated. NAVCENT POC is (b) (3) (B), (b) (7)(F) on CC. Thanks.

Sir,

My Trans Supervisor is aware as well as our small parcel carrier. We are all awaiting the freight to start the process. Our ESOC is involved as well to expedite these items. We will forward the airway bill ASAP.

Thank you,

Hello, Karen;

It was nice talking to you this morning. I have instructed (b) (3) (B), (b) (7)(F) to make the necessary arrangement to drop off those 2 boxes to (b) (3) (B), (b) (7)(F). US Embassy is asking for the copy of the airway bill to expedite issuance of the diplomatic letter. Please see attached. If everything goes well as planned, we would like to get this shipment on that Saturday flight.

Thank you for your assistance!

Peter - I tried calling. Can you call me?

There are specifics on getting things into (b) (3). Is this for our troops or FMS? If our troops we will need a DIP Note, right?

Is that completed already? Also, our latest update was the following: (b) (3) (B), (b) (7)(F)

Do you know the answer to this?

Sir,

Received a call from (b) (3) that stated they need the shipments (listed in below email) released because they are showing up as a restricted country in DSS. This is time sensitive as the customer has called them two times and has requested for the material to be released by COB.

The following TCNs are showing "country code restricted" in DSS and need the restricted lifted (and the address added):

(b) (3) (B), (b) (7)(F)

Going to:

(b) (3) (B), (b) (7)(F)

While this address is in DSS, we need the 3rd line added if possible - if not, please lift restriction or release so we can process.

Note: Commander and Deputy are TDY so no one is here to release in DSS.

Thank you,
